Status of Claims

Claims 1 to 23 are pending.

Amendments Relative to Parent Application

The specification has been amended relative to parent application PCT/EP02/04275 to insert a cross reference to related applications in accordance with 37 CFR §1.78 and to claim priority to those applications listed therein. The specification is also being amended to insert section headers and an abstract of the disclosure in accordance with 37 CFR §1.77 to better conform to U.S. patent practice.

No new matter is being added by the amendments to the specification.
